Notice of Separation

Dear Gwen,

We have reviewed the work status report from Dr. Meskin dated April 7, 2025 and your accommodation request.

Because your current medical restrictions prevent you from performing that function through May 19, and the branch is unable to modify the role, the company has decided to end your employment.

This is effective today, April 25, 2025. Your final pay and COBRA information will follow under separate cover.

Regards,

HR — Quillwater Escrow, Inc.
